Overall Length:

3.620 inches

Overall Width:

1.125 inches

End Application:

F/a-22 raptor

Product Name:

Support bracket

Aircraft Location:

Fuel line support

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

Material final condition t8511; finish 607-646

Material:

Aluminum alloy

Material Specification:

5pt-4g10k20a39 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
