Overall Length:

2.000 inches

Overall Width:

2.000 inches

Material Thickness:

2.000 inches

End Application:

F/a-22 raptor

Criticality Code Justification:

Feat

Product Name:

Support

Aircraft Location:

Container-fwd, lhs

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

17-4ph soln treated steel bar; form, fit, function

Material:

Stainless steel

Material Specification:

Ams5643 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
