Overall Length:

5.000 inches

Overall Width:

3.000 inches

Material Thickness:

0.063 inches

End Application:

F/a-22 raptor

Aircraft Location:

Tubing-utility distr. Module 2 and 3

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

Heat treat t4; sheet alum.

Material:

Aluminum alloy

Material Specification:

Ams4347 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
