Overall Length:

4.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.063 inches

End Application:

F/a-22 raptor

Product Name:

Support

Aircraft Location:

Tubingm hydraulic-aerial refuel valve

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

Heat treat t6; alum sheet ; dim. Are stocksize

Material:

Aluminum alloy

Material Specification:

Ams4216 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11800
