Overall Length:

2.000 inches

Overall Width:

2.000 inches

End Application:

F/a-22 raptor

Product Name:

Bracket

Aircraft Location:

Ground safty, arresting hook

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

Plate

Material:

Titanium

Material Specification:

Ams-t-9046 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
