Overall Length:

4.800 inches

Overall Width:

2.500 inches

Material Thickness:

0.060 inches

Aircraft Location:

Ws23.00 and ws66.00

Aircraft Mission Design Series:

A-10

Special Features:

Nha 160d611103; manufacturs suggested name (shim-laminated); additionl ws 0.00; dimensions are stocksize

Material:

Aluminum alloy

Material Specification:

Ams4013 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
