Overall Length:

58.500 inches

Overall Width:

29.300 inches

Material Thickness:

0.063 inches

Side For Which Designed:

Left side

Criticality Code Justification:

Feat

Aircraft Location:

Nacelle

Aircraft Station Number:

Fs119.54 and fs128.47

Aircraft Mission Design Series:

A-10

Special Features:

Dimensions are stocksize; u/o -51; heat treat 0

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
