**Overall Length:**

2.700 inches

**Overall Width:**

1.500 inches

**Material Thickness:**

0.032 inches

**Product Name:**

Baffle

**Aircraft Location:**

Trim tab assembly - deceleron

**Aircraft Mission Design Series:**

A10

**Special Features:**

Aluminum clad; heat treat 0

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
