Overall Length:

2.700 inches

Overall Width:

1.500 inches

Material Thickness:

0.032 inches

Product Name:

Baffle

Aircraft Location:

Trim tab - assembly deceleron

Aircraft Mission Design Series:

A10

Special Features:

Aluminum clad; heat treat 0

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
