**Overall Length:**

9.000 inches

**Overall Width:**

4.000 inches

**Material Thickness:**

0.071 inches

**Aircraft Location:**

Mid spar web-wing outer panel

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Bare sheet; heat treat o, per mil-h-6088; dimensions are stock size; manufacture suggested name (angle) ; u/o -1

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
