Overall Length:

4.500 inches

Overall Width:

1.500 inches

Material Thickness:

0.071 inches

Aircraft Location:

Mid spar web-wing outer panel

Aircraft Station Number:

Ws110 through ws143

Aircraft Mission Design Series:

A-10a

Special Features:

U/o -3 and -4; dimensions are stocksize; manufacture suggested nam (strap) ; bare sheet; heat treat t6

Material:

Aluminum alloy 7075

Material Specification:

Q-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
