Overall Length:

9.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.071 inches

Aircraft Location:

Mid spar web-wing outer panel

Aircraft Station Number:

Ws 110 through ws143

Aircraft Mission Design Series:

A-10a

Special Features:

Bare sheet; heat treat 0, manufacture suggested nam (angle) ; dimensions are stocksize

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
