Overall Length:

60.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.032 inches

Aircraft Location:

Honeycomb assembly-trim tab-decelero

Aircraft Mission Design Series:

A-10a

Special Features:

Alum. Clad sh; dimensions listed are stocksize; u/o the -4; heat treat 0

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
