**Overall Length:**

2.600 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

Honeycomb assembly-trim-tab-decelero

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Aluminum clad sh; heat treat 0; dimensions are stocksize; manufactured suggested name-angle; u/o -4

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
