Overall Length:

2.600 inches

Overall Width:

2.000 inches

Material Thickness:

0.063 inches

Aircraft Location:

Honeycomb assembly-trim-tab-decelero

Aircraft Mission Design Series:

A-10a

Special Features:

Aluminum clad sh; heat treat 0; dimensions are stocksize; manufactured suggested name-angle; u/o -4

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
