Overall Length:

68.000 inches

Overall Width:

2.000 inches

Thickness:

0.032 inches

Aircraft Location:

Trim tab assembly-deceleron

Aircraft Mission Design Series:

A-10a

Special Features:

Aluminum clad sh; heat treat t3; dimension listed are stocksize; skin, nose; u/o -2 and -6

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
