**Overall Length:**

68.000 inches

**Overall Width:**

2.000 inches

**Thickness:**

0.032 inches

**Aircraft Location:**

Trim tab assembly-deceleron

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Aluminum clad sh; heat treat t3; dimension listed are stocksize; skin, nose; u/o -2 and -6

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
