Overall Length:

7.000 inches

Overall Width:

6.000 inches

Material Thickness:

0.063 inches

Aircraft Location:

Honeycomb assembly-trim tab-decelero

Aircraft Station Number:

Ws198.153 to ws200.17

Aircraft Mission Design Series:

A-10a

Special Features:

Heat treat 0; aluminum clad sh; dimensions listed are stocksize; end rib; u/o 160d712140-3 assembly

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
