Overall Length:

13.500 inches

Overall Width:

3.000 inches

Material Thickness:

0.125 inches

Aircraft Location:

Drag brace beam

Aircraft Station Number:

Fs252.0 to 268.0

Aircraft Mission Design Series:

A-10

Special Features:

Dimensions are stocksize; u/0 -1 equip. Floor; alcd sh

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
