Overall Length:

3.000 inches

Overall Width:

2.000 inches

Material Thickness:

2.000 inches

Aircraft Location:

Actuator & balance wt backup

Aircraft Mission Design Series:

A-10

Special Features:

Al pl; on deceleron trim tab; dimensions are stocksize; see note 4 for alternate matl.

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12-t7351 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
