Overall Length:

6.800 inches

Overall Width:

4.820 inches

Material Thickness:

3.500 inches

Aircraft Location:

Ftg assembly-outbd hinge & actuator

Aircraft Mission Design Series:

A-10

Special Features:

U/O 160d712552-2; forging; rh; manufacture from 160d712551-11f, -13f, -15f; on upper speed brake; dimensions are stocksize

Material:

Steel

Material Specification:

Ams6526 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
