Overall Length:

11.900 inches

Overall Width:

8.000 inches

Material Thickness:

0.071 inches

Aircraft Location:

Frt spar upper speed brake

Aircraft Mission Design Series:

A10

Special Features:

Aluminum clad; heat treat to t6 per mil-h-6088; u/o; -2

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
