Overall Length:

15.300 inches

Overall Width:

10.000 inches

Material Thickness:

0.063 inches

Aircraft Location:

Structure inst, wheel door end

Aircraft Mission Design Series:

B-52h

Special Features:

Manf suggested name-bulkhead light; dim are stock matl

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287/temp 0 federal specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
