**Overall Length:**

3.000 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

2.000 inches

**Aircraft Location:**

Actuator & balance wt. Backup

**Aircraft Mission Design Series:**

A-10

**Special Features:**

Dimensions are stocksize; on trim tab of deceleron; see note 4 for alternate matl.; al pl

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12-t7531 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
