Overall Length:

60.000 inches

Overall Width:

2.800 inches

Material Thickness:

0.016 inches

Aircraft Location:

Upper speed brake

Aircraft Mission Design Series:

A-10

Special Features:

Dimensions are stocksize; alcd sh

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
