Overall Length:

10.500 inches

Overall Width:

9.100 inches

Material Thickness:

0.080 inches

Aircraft Location:

Support assembly-elevator

Aircraft Mission Design Series:

A-10

Special Features:

Al sh bare; u/o 160d513105-3, -5, -6

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
