Overall Length:

3.200 inches

Overall Width:

2.300 inches

Material Thickness:

0.050 inches

Side For Which Designed:

Right side

Product Name:

Doubler

Aircraft Location:

Engine nacelle side cowling

Aircraft Mission Design Series:

E-3a

Special Features:

Nha 1560010290910; used as external support for channel

Material:

Aluminum alloy 2219

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
