Overall Length:

46.200 inches

Overall Width:

10.500 inches

Thickness:

0.025 inches

Aircraft Location:

Skin assembly-engine inlet ring

Aircraft Mission Design Series:

A-10

Special Features:

Center skin; extension ring advanced; u/o -105

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
