Overall Length:

7.950 inches

Aircraft Location:

Support, tube-hydraulic, first ramp actuator

Aircraft Mission Design Series:

F-15

Special Features:

Stock material thickness 0.025; nha 68a328002; u/o f-15a, b blk13&up, f-15c, d, j cum1&up

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
