Overall Length:

50.000 inches

Overall Width:

2.300 inches

Material Thickness:

0.040 inches

Product Name:

Lower inlet duct nacelle skin splice r/h

Aircraft Location:

Leading edge to f.S. 325.00

Aircraft Mission Design Series:

T-38c

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
