Overall Length:

6.000 inches

Overall Width:

5.050 inches

Material Thickness:

0.125 inches

Product Name:

Doubler

Aircraft Location:

Skin, aircraft-lower external fs458.8-509.5

Aircraft Mission Design Series:

F-15

Special Features:

Dim. Are stock material; nha -1002; u/o f-15c cum1-172, f-15d cum1-27, f-15j cum1&up, f-15dj cum1-4

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
