Overall Length:
6.000 inches
Overall Width:
5.050 inches
Material Thickness:
0.125 inches
Product Name:
Doubler
Aircraft Location:
Skin, aircraft-lower external fs458.8-509.5
Aircraft Mission Design Series:
F-15
Special Features:
Dim. Are stock material; nha -1002; u/o f-15c cum1-172, f-15d cum1-27, f-15j cum1&up, f-15dj cum1-4
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-250/5, t62 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Filg:
A11400
