Overall Length:

18.000 inches

Overall Width:

7.500 inches

Material Thickness:

7.500 inches

Aircraft Location:

Hinge fitting, actuator-spoiler no.1

Aircraft Mission Design Series:

B-1b

Special Features:

Dim. Are stock material; finish per 10ab01; includes bushing and bearing

Material:

Aluminum alloy 7075

Material Specification:

St0170lb0043, t73 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
