Overall Length:

21.000 inches

Overall Width:

10.000 inches

End Application:

Pacer special

Product Name:

Insulation, thermal

Aircraft Location:

Insulation material, ridged ceramic, special performance

Aircraft Mission Design Series:

B-2

Special Features:

Fibrous ceramic material used in surface insulation applications; billetesize 10"x21"x3", dim are stock material

Material:

Ceramic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11700
