**Product Name:**

Panel instl-structural, inbd trailing edge, outbd flap

**Aircraft Mission Design Series:**

C-17a

**Special Features:**

E/o parts list revision -503 same -501; c/o 14 nuts, make from ms21063l3-10; 1 shear clip stock size .125x4x7, sheet glass re-enforced plastic phenolic, 1 shim

**Material:**

Glass fiber

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
