Overall Length:

38.000 inches

Overall Width:

10.000 inches

Thickness:

0.063 inches

Product Name:

Lwr fwd panel

Aircraft Station Number:

Bl28 to bl38

Aircraft Mission Design Series:

A-10

Special Features:

Heat treat t6; used on -11

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-s50/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
