Overall Length:

16.500 inches

Overall Width:

7.600 inches

Material Thickness:

5.000 inches

Product Name:

Fitting, apt

Aircraft Location:

Fitting-turtable attach, antenna pedestal

Aircraft Mission Design Series:

E-3a

Special Features:

Next higher assembly, 204-20074, u/o e-3a; material 4330m forged block per bms7-122, normalized and tempered to rc33 max; heat treat to 200-220 ksi per bac 5617; dim are stock material

Material:

Steel

Material Specification:

Mil-s-8699 military specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-s-8699 spec.
