**End Application:**

F-22 raptor

**Product Name:**

Cover assembly

**Special Features:**

Wind swept surface critical item; c/o: -118 cover, ring (35), screw (35); m/o: 7050-t7451 aluminum plate; p/o: cover, access, transducer

**Material:**

Aluminum alloy 7075

**Material Specification:**

5pt-7t08 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
