Overall Length:

5.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.071 inches

End Application:

F/a-22 raptor

Product Name:

Support assembly

Aircraft Location:

Utility distr, module iv

Aircraft Mission Design Series:

F/a-22 raptor aircraft

Material:

Aluminum

Material Specification:

Ams 4347 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
