**Overall Length:**

5.000 inches

**Overall Width:**

4.000 inches

**Material Thickness:**

0.071 inches

**End Application:**

F/a-22 raptor

**Product Name:**

Support assembly

**Aircraft Location:**

Utility distr, module iv

**Aircraft Mission Design Series:**

F/a-22 raptor aircraft

**Material:**

Aluminum

**Material Specification:**

Ams 4347 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
