Overall Length:

13.000 inches

Overall Width:

3.000 inches

Material Thickness:

0.071 inches

End Application:

F/a-22 raptor

Product Name:

Support, tubing-utility distr, module iv

Aircraft Mission Design Series:

F/a-22 raptor

Material:

Aluminum alloy

Material Specification:

Ams 4347 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
