Overall Length:

3.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.050 inches

Product Name:

Angle

Aircraft Location:

Lwr fuselage-wing fuselage

Aircraft Mission Design Series:

A-10a

Special Features:

Dimensions are stocksize; heat treat t6

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
