**Overall Length:**

7.000 inches

**Overall Width:**

3.000 inches

**Material Thickness:**

0.063 inches

**Product Name:**

Angle

**Aircraft Location:**

Lwr fuselage-wing fairing

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Dimensions are stocksize; heat treat 0

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
