**Overall Length:**

4.500 inches

**Overall Width:**

1.750 inches

**Material Thickness:**

0.063 inches

**Product Name:**

Angle

**Aircraft Location:**

Lower fuse/wing fairing

**Aircraft Mission Design Series:**

A-10 aircraft

**Special Features:**

Heat treat 0

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
