Overall Length:

4.500 inches

Overall Width:

1.750 inches

Material Thickness:

0.063 inches

Product Name:

Angle

Aircraft Location:

Lower fuse/wing fairing

Aircraft Mission Design Series:

A-10 aircraft

Special Features:

Heat treat 0

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
