Overall Length:

2.710 inches

End Application:

F/a-22 raptor

Product Name:

Support bracket

Aircraft Location:

Fuel line support

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

Finish 607-646; material final condition t8511

Material:

Aluminum alloy

Material Specification:

5pt-4g10k50a31 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11800
