Material Thickness:

0.188 inches

Product Name:

Gusset

Aircraft Location:

Upper frame, fus

Aircraft Station Number:

770.0 and 792.0

Special Features:

6-3/16 diameter lock bolt holes; 5-3/16 diameter lockbolt holes; 2-1/4 diameter lockbolt holes; 15-3/16 diameter lockbolt holes; 5 holes
0.193 min 0.199 maximum dia

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11400
