Overall Length:

9.500 inches

Overall Width:

0.700 inches

Material Thickness:

0.050 inches

Side For Which Designed:

Right side

Product Name:

Side cowl panel assembly - engine nacelle

Aircraft Location:

Panel nacelle

Aircraft Mission Design Series:

E-3a aircraft

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
