Overall Length:

81.000 inches

Overall Width:

7.000 inches

Material Thickness:

0.050 inches

Product Name:

Channel

Aircraft Location:

Spar assembly of outboard wing panel

Aircraft Mission Design Series:

A-10 aircraft

Special Features:

Nha 160d612512-3; heat treat 0

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
