**Overall Length:**

42.000 inches

**Overall Width:**

4.500 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

Door assembly - nlg aft

**Aircraft Mission Design Series:**

A-10 aircraft

**Special Features:**

U/o 160d136171-1; dimensions are stock sized; heat treat 0; submitter's suggested name rib

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
